RECORD OF CRIME.

Events that Made Police Circles Interesting Yesterday.

Nigh Unto Death-From Ear to Ear-A Rock Thrower - Infantile Depravity - The Doctor's Report-Great Scott-

The assassinator got in his work early and often in Fort Worth yesterday; and that none of his attempts were successful is remarkable.

The first fracas occurred at 3 o'clock yesterday morning. A number of men were in a saloon near the corner Main and Fourteenth streets at that early, or rather late hour, tanking up on beer. Their proceedings were fairly narmonious up to that hour, when a set-to occurred between Jack Sullivan and Jim Timity. Onick as a flash Timity whipped out a razor and made two swipes at his enemy. Both took effect in the throat, the gashes crossing en a other and each reaching to the collar-bone. The stabber fled out into the night, carrying his weapon with him. Officers Judkins and Kitts were soon on his track, and era long discovered him niding near the Texas and Pacific stockyards, and landed him in the county jail. He is a tough-looking specimen. Sullivan's blood flowed freely until he sunk exhausted, when he was removed to the city hospital. Late last night he was reported

getting along all right. Early yesterday morning two young darkies boarded the east-bound Texas and Pacific freight train to steal a ride to Dallas. Ed McDuff is the name of the younger, aged about fifteen years, and Andy Sanderson the name of his partner.

When they had got a short distance out from the depot at Fort Worth they began to quarrel. McDuff pulled a knife and waded into Sandy. Sixteen wounds on the head and face is the result of his slashing. The wounds are not deep or daugerous on the top of the head. but one under the eye may result serlously. McDuff jumped from the train as soon as he got tired chopping, and took to the woods. When the train arrived at the next station, the Sanderson, almost lifeless, was sent to Fort Worth on a west-bound train, and here his wounds were dressed by the city physician. Deputy Sheriff Jim Maddox rode out into the country and captured Mc-

Cornellus Crenshaw is the name of a fifteen-year-old white boy who this morning finds himself confined within the walls of the county jail charged with carrying a weapon. Cornelius loomed in the Third ward yesterday afternoon afternoon with a ninger-shooter in his possession, which article he made use of to the annoyance of a colored youth, who remonstrated, whereupon Cornelius pulled a 38-caliber and was about to shoot. But an officer intervened, took possession of the gun and of Cornelius, and the latter was placed in

Dr. Rogan is the name of a gentleman who with his family resides on Weatherford street, east of the Santa Fe track. Adjoining his promises are a couple of vacant houses. Yesterday morning a number of missiles were thrown from vacant houses into Rogan's yard. One of them struck a five-year-old girl on the forehead, knocking her senseless. Another struck Mrs. Rogan on the shoulder, The offenders fled. They were not seen by anybody, but it is known they were full grown men, as some of the stones thrown are heavier than a boy could handle. There is not the least suspicion as to who the parties are.

On Tuesday evening when the west-bound Texas and Pacific train pulled out from Dellas there was on board a young man named James A. Richardson. Ha is built on the general plan of a dude, and says he is an Englishman. The train had not gone far when Jim undertook make himself familiar with a lady seated in the coach in which he rode. The lady did not hesitate to use very plain language to the fellow. The latter resented what she said, and with the cowardly rage of a brute struck her in the face. In a jiffy balf a dozen strong men had seized the ruffian, and the way he was mauled over that ear was a caution. On his arrival at Fort Worth he was taken in charge by the officers, but was released on putting up his watch as secarity for his appearance. Yesterday atternoon he was pulled in again by Offieer Peyton Maddox, and last evening Deputy Sheriff Moore came over to take him back to Dallas, the crime having been committed in that county.

A tough negress of Twelfth street named Lou Sanders, was lodged in jull last evening on a charge of aggravated assault. Lou has a record. She has won many a victory. It appears that she sits in front of her cabin lying in wait for drunken passers-by, upon whom she pounces, just for the fun of fighting. She has paid numerous fines in the recorder's court. Yesterday she sailed into a whole mob of loafers, and wiped up the earth with them. But a policeman walked off with Lou, and now she languishes in the

Up to this time it is probably correct to say that Democrats have worked harder than the Republicans. The Star says to-night that Mr. Coke suffers the pangs of a well-developed case of rheumatism. His right knee is affected. If he could only go home and stay there for a while he would recover, for the Southwestern climate

does not encourage the disease. KILLED NEAR FORNEY.

Mr. Tom Turke Shot and Killed by J. R. Cox. Cox Surrendered.

Special to the Gazette. FORNEY, TEX., Aug. 6.—At an early hour this morning as William Rodgers and J. R. Cox were passing the premises of Tom Turke, some six miles north of here, on their way to town Mr. Turke came out meeting them. A few words were exchanged when Cox shot Turke twice, causing death in a few moments. Cox, having surrendered, is now in the hands of the officers awaiting trial. It seems that there had been hard feelings between them for some time prior to this.

Special to the Gazette. TERRELL, TEX. Aug. 6.—A telephone message early this morning summoned Officers Kellar and Coker, also accompanied by Jake Keller, to assist in the finding and arrest of Cox, who killed Tom Turke near Forney this morning.

A LADY SUICIDES.

The Wife of Dr. Calhoun of Bennmont Sends : Bullet Through Her Heart-

Special to the Gazette. BEAUMONT, TEX., Aug. 6 .- All Beau mont is bowed down in sorrow over the tragic death of Mrs. Dr. B. F. Calhoun, who took her own life this morning. Monday last, it will be remembered, Dr. Calhoun shot Alderman McFadden through the lung, the doctor giving 8.8 his reason for the affray that McFadden had written a letter to Mrs. Calhoun making an improper proposal. For some time Mrs. Calboun had been in feeble health, and had just returned from Galveston. The news of the doctor's shooting McFadden reached her ears and caused her much anxiety, as she feared for her husband's welfare. At 7 o'clock this morning the doctor and his seven-year-old son were eating breakfast, when the sound of a pistol shot rang out. The doctor ran to his bedroom, where he found the door locked. Bursting it in, he found his wife lying on the bed with her clothing on fire and one of her bands powder burned. An examination revealed the fact that the ball from the pistol had gone through her heart.

Mrs. Calhoun was one of the leaders of society here. She was a woman of affable and possessed of a lovely soprano voice, being foremost in all local musical entertainments and a member of

the Presbyterian choir. McFadden, who Dr. Calhoun shot on Monday, is resting well. He denies most emphatically ever having by word, act or thought said anything disparaging of Mrs. Calhoun and says the letter is a forgery.

Labor Troubles at Cardiff Causes Widespread Anxiety.

Cholera Death Rate Increasing-Authorities Concealing Facts-A Entiway Director Compelled to Resign-

Labor Troubles at Cardiff. Special to the Gazette.

LONDON, Aug. 6 .- Great excitement prevails at Cardiff in consequence of labor troubles, and the action of the chamber of commerce in connection therewith. Employing companies have arranged for feeding and lodging a large number of non-nion laborers, and workshops and stores have been barricaded in anticipation of an attack upon them. There is every prospect of a prolonged fight, attended with violence and perhaps bloodshed, both sides being resolved to hold out to the last.

Miss Ethel Mackenzie, daughter of Dr. Sir Morel Mackenzie, was married to Mr. McKenna, a prominent lawyer, to-day. Herr Kahn, state director of railways of Germany, has been compelled to tender his resignation, owing to the sentiment of his superiors at his having recently delivered a speech highly culogistic of Prince Bismarck, and comparing the ex-chancellor to his successor, to the disparagement of the latter.

A Tremendous Srike 1 Threatened.

Special to the Guzette. LONDON, Aug. 6 .- Negotiations which were in progress to prevent the great strike in South Wales proved a failure. It is expected the men will go out tomorrow to the number of over 100,000.

Cholera Death Rate Increasing. Special of the Gazette.

MADRID, Aug 6 .- Cholera has broken out in Toledo. Its ravages in Salencia are frightfully increasing. Local authorities areagain concealing the facts, and returns from Providence are tampered with. Inhabitants are again flying from the affected districts.

In the Commons. LONDON, Aug. 6 .- Sir James Ferguson, under foreign secretary, stated in the house of commons last evening that

the duke of Norfolk had no mission from the British government on his first visit to Rome, and that his second visit was purely formal and confidential.

MECCA, Aug. 6 .- One hundred and thirty-five deaths from cholera occurred in this city yesterday.

GAINESVILLE NOTES. Special to the Gazette.

GAINESVILLE, TEX., Aug. C .- The Turn Verien gave a grand pienie here yesterday. The assembly was addressed by the senatorial and floatorial candidates from this and Grayson county. About 4000 persons were on the grounds.

The Independents of this county are organizing and will hold a county convention next Saturday.

BOSQUE COUNTY READY.

Special to the Gazette. MERIDIAN, TEX., August 6 - A full delegation from this county will start for San Antonio on Sunday next. The delegates are instructed for Hogg and Pendleton and for Barry for state treasurer and uninstructed as to the other state officers. The delegates are a lively set, well supplied with brains and tongue. Hon. A. R. Barry, Bosque county's candidate for state treasurer, left to-day for the political Mecca. The judge seems to think his chance for the nomination moderately good; while he has not so many counties instructed for him as Sadler, McCulloch or Wortham, vet as none of them have even a third of the convention he considers his chance as good as theirs, particularly so when the delegates shall discover that A. R. Barry of Bosque county is not Bryan T. Barry of Dallas, nor any kin to the said Bryan T., nor of the same political faith, as A. R. Barry is for the amendment and the commission. We of Bosque county know that Judge Barry possusses executive ability, that he has administrative capacity, that he is a Grover Cleveland type of man. Yet we think it likely that it may be found out that Judge Barry has notions of his own on the question of civil service reform that are not exactly in harmony with some of the actions of the said Grover

Cleveland. The news of the unanimous nomination of the Hon. Jo Abbott for congress by the Dallas convention was received here with applause, notwithstanding it was well known before hand that it would be so. Mr. Abbott's course in congress has the approval of the Democracy of Bosque county.

THE NINETY-FIRST DISTRICT. Special to the Garette.

SAN MARCOS, TEX., Aug. 6 .- The convention of the Ninety-first representative district met here yesterday, and was called to order by Chairman J. W. Campbell. On motion, two committees were appointed on permanent organiza tion, and one on credentials and basis of representation. The committee on permanent organization reported recommending J. W. Campbell for permanent chairman and Joseph Hatchett for permanent secretary. The committee on credentials and basis of representation reported recommending the adoption of the following basis of representation in the convention, namely: That each county be entitled to cast one vote for every 300 votes or fractional part thereof. Over 150 were cast for L. S. Ross for governor at the last general election, entitling Caldwell county to five votes Hays four votes and Guadalupe seven votes. Joseph Francis of Guadalupe and E. H. Rogan of Caldwell were nominated by acclamation as representatives of the Ninety-first district.

DELTA COUNTY. Correspondence of the Gazette.

Cooper, Tex., Aug. 5 .- The Delta county convention convened last Saturday, the 2d inst., and in accordance with the precinct primaries instructed for J. S. Hogg for governor, and the commission, George C. Pendleton for lieutenant-governor, C. A. Culberson for attorney-general and McLeod for state superintendent. No instructions for treasurer or land commissioner, though a majority of the convention voted for Worthen for treasurer. The convention failed to agree upon floater and referred the matter to the floatorial convention, which convened at Honey Grove to-day. Hon. D. B. Culberson was indorsed for congress in the Fourth district.

Correspondence of the Gazette. ATHENS, TE ... Aug. 5 .- The second primary election in this county passed off very quietly, the nominations being, J. R. Blades, county judge; Frank Hunt, county clerk; J. T. Deen, district clerk; J. H. Wofford, sheriff, all renominated; William Davis, collector of taxes, and H. A. McRae, assessor. The latter received a majority of but one vote over his op-ponent, and it is claimed the two are tied, and it is not unlikely there will be a equabble about it.

VICTORIA'S DELEGATION. Special to the Gazette.

VICTORIA, TEX., Aug. 5.—At a meeting of the Victoria delegation to the state convention to-day held to-day the county was instructed for J. S. Hogg for governor under the unit rules.

EL PASO'S DELEGATES Special to the Gazette.

EL PASO, TEX., Aug. 6 .- Thirty-five delegates left to-day on the Galveston, Harrisburg and San Antonio rail-road to attend the state senatorial convention to be held at San Antonio. The delegation is composed of some of the best citizens in the county, who desire the nomination of Jim Dean for senator. More delegates will leave to-morrow, and if anthusiasm and hard work in a just cause can accomplish it. Dean will be the nominee. There are no instructions for state officers except for governor, but a majority of the delegates favor Brahan for comptroller.

TEXAS' ATTORNEY-GENERALSHIP. special to the Gazette.

San Antonio, Tex., Aug. 6.—Hon. W. H. Brooker of this city, in an interview to-day, expressed himself very confident of securing the Democratic nomination next week for attorney-general of Texas. Mr. Brooker says, despite the fact that a great many counties have instructed for Culberson, yet by a hard fight he expects to carry the day.

THE HALLETTSVILLE TRAGEDY.

The Fecond Death as a Result of Monday's Affair-Four Indictments for Murder-

Special to the Gazette. HALLETTSVILLE, TEX., Aug. 6 .- Jim Tucker, the last victim of Monday's tragedy, died last night. The grand jury has just returned four bills of indictment for murder in the first degree against Bird Kelley and John Smoothers for the murder of W. A. N. H. Suren and Miss Lillie Peterson were married at 8:30 o'clock last night at the Episcopal church, Rev. De Forrest

officiating. The nuptials were witnessed by but a few of the most intimate friends and relatives of the contracting parties. After the ceremony was concluded the party repaired to the residence of the bride's mother, on Main street, where a delicious repast was served and a happy time was spent.

The happy couple leave on the Cannon Ball this morning for St. Louis, going thence to Chicago, Niagara Falls, the Thousand Islands and other points, to be absent a couple of months. On their return they will take up residence on Arlington Heights.

ALDERMAN DAY IN LUCK.

He Holds a Winning Ticket in the Denver Lottery, Drawing \$625. Capt. G. H. Day, the urbane alder-

man from the Fourth ward, is richer by \$625 as a result of a modest invest ment of 50 cents in the famous Denver lottery. He held ticket 44,767 in the July 15th drawing, and when the news came that this ticket was a lucky one he deposited it with the State national bank and in a few days the money was recelved. A GAZETTE reporter called on Cant. Day yesterday and found him in

"Captain" said the reporter, "they tell me you won \$625 in the Denver lottery; what about 11?"

"I certainly did and I want to say the Denver lottery is the squarest lottery in the country. Their drawings are based on the Louisians lottery, and of course there cannot possibly be any fraud. I bought a 50 cent ticket and had no further thought of the matter until I saw the list of numbers drawing prizes. I saw I had won and took my ticket to the State national. In three or four days the money was back here. came back as quick as the train that left Denver the day they got the ticket could come. It must have been paid immediately the ticket was presented. I got big returns on my money."

Texas Exhibit Car at Guthrie, O. T. Special to the Gazette.

GUTHRIE, O. T., Aug. 6.—Bountiful rains have visited this section of the Territory yesterday and to-day and the people are very jubliant because the unprecedented drouth is broken.

The Texas exhibit car passed through this city to-day and was the subject of much favorable comment for the wonderful products it contained. Texas being so near this part of Oklahoma it inspired the farmers with fresh confi-dence in the possibilities of the productiveness of their soil when under a proper state of cultivation.

MOONEY'S MISHAP.

He Sat Down Under an Elevator to Rest.

He Came to Fort Worth to Enjoy Himsel but Now He is in the Hospital-An Evening's Fun-

S. J. Mooney was caught under the elevator at Fakes & Co.'s about noon yesterday, and received severe injuries. Mooney is a carpenter by trade. He

has bean working recently at Ardmore, I. T., and having finished his contract with a few dollars to spare he came down to Fort Worth on Tuesday evening to enjoy the fruits of his labor.

He put up at the Mansion house upon arrival, and having dispatched a hearty supper proceeded to take in the town. He had some \$75 in his jeans when he started out. He got a glimpse of everything on exhibition in a great metropolis. Being lavish with his money, every tiger in town was trotted out for his special delectation. He was something of a rounder himself, and was able to hold his own pretty well until he steered against one of the variety houses down town, and there the fascinations were so great that he could not withstand them, They got the best of him. He was seen buying the beer at \$5 a round for the crowd, and a \$75 pile don t last long in that kind of a game.

When he put his vest up against the Mansion house counter at 7 o'clock in the morning thirty-five cents was all that remained unto him.

He did not seem despondent over the situation. He thought he had got \$75 worth of fun out of the business. went up street again and walked about till about 1 o'clock, visiting many places of interest. About the hour named he found himself in the vicinity of Fakes Co.'s freight entrance Third street. An elevator is located at the entrance. Mooney felt tired and sat down there to rest. The elevator was up at the time, but presently it began to descend, and the clerk operating it did not observe the man beneath him until too late to stop to avoid an accident. The moor of the elevator struck Mooney a heavy blow, stunning him so badly that he did not recover for a half-hour or more. When he did recover his senses he was given opiates and removed to the city hospital.

The injuries were to the spine, and were at first thought to be serious, but late last night the hospital authorities reported he was getting along all right.

D. C. Feeegls, the aged carpenter who was so badly cut and beaten by D. C. Kissinger on Tuesday afternoon on the corner of Seventeenth and Calboun streets, is yet in a pecarious condition. It was given out last night that he had even chances of life and death. The man who committed the deed takes his imprisonment very coolly. The general order of the railway mail

service issued August 6 from the office of Superintendent J. S. Weaver, of the Eleventh division, with headquarters at Fort Worth, contains the following important item: Railway postoffice service Fort Worth and Rio Grande railway be-

thrown into the ditch, a couple af them being completely wrecked. They were freighted with lumber, fish plates and other railroad material. By the after-

noon the debris had been cleared away. The proprietors of Fort Worth's three variety theaters are much exercised to know what is going to be done with their places of business under the resolution passed by the city council on Tuesday night. Nobody knows yet. The resolution has not yet become effective for reason that it has not been signed by the mayor pro tem. It may never receive his signature. The council is not a unit on the policy of abolishing variety theaters. Said an influential member last evening: "I never yet saw a city amounted to much without them. Some people do not like them. Well, it takes many different kinds of people to make a city.

The county commissioners meet next Monday. Their session will probably not cover more than three days, as there is no unusual amount of matter to be disposed of. The quarterly reports of county officers will be presented and passed upon. Some of them have already been filed with the commissioners' court clerk, J. F. Prosser. That of County Treasurer Thomas Bratton, gives total receipts for the quarter, \$7718.44; the disbursements, \$18,698.35. The disbursements are made up thus: Jury fund, \$2258.20; roads and bridges. \$3314.80; general county expenses, \$7125.35. The roads and bridges fund is overdrawn to the amount of \$5603.41 The cash on hand is \$21,527.28. Three suits for divorce were entered in

the district court at Fort Worth yesterday, and a remarkable feature is that two of them were entered by women who sought separation from convicts. One is by Mrs. Lizzie Lowan, who wants divorce from O. J. Mosteller. Mosteller is the man sentenced to the penitentiary recently for the killing of John White in Fort Worth. The woman alleges that Mosteller cozened her into a marriage, telling her that he was widower, whereas at the time of their wedding he had a wife living, and he therefore committed bigamy. Mrs. Jennie Vieau wants divorce from John Vieau, who is serving a term in the penitentiary for theft, having been sentenced in Erath county. Desertion and cruel treatment are alleged. Annie E. Roark wants divorce from James Roark, on the grounds of ill treatment. Some weeks ago Mrs. J. F. Waller and

her sister Miss Tommie Malone went to Chicago to pursue their studies in music, an art in which both possess much aptitude and proficiency. Intelligence redieates that these two ladies have made a strong impression upon the critics and music-loving people there. A days ago the soprano of one of the leading choirs, a lady whose voice is famous over the country, was given leave of absence by the church that she might visit Europe to acquire the latest innovations in sacred music. Casting about for some one who could fill her place most acceptably, this lady requested Mrs. Waller to favor her, she having heard and been most favorably impressed by the vocalization of the two sisters. Mrs. Waller concluded to fill the place. And thus do the Fort Worth artists go forth to conquer in every sphere.

How often do we see this on the faces of children and, alas, of people who otherwise are healthy? What causes it? Bad Blood. The thought is terrible; the trouble is worse. No ordinary help can remove it. It requires something unusual. Do not take cheap sarsaparillas or blood purifiers. You must have something that has proven its power in both Europe and America. General Wheatcroft Nelson, of London, says: "My experience in the English army, as well as in America, convinces me that nothing so thoroughly purifies the blood, or adds to the health, vigor and life, as Dr. Acker's English Blood Elixir."

This grand Elixir is sold by druggists in all parts of America. It is a good, pure, houest medicine. Try it to-day.

MINY and all urinary troubles easily quick-sules. Severcht cases cured in seven days. Sold \$1.50 per box, all druggists, or by mail from Doo-uts Mfg. Co., 112 White st., N. Y. Full directions.

For \$10 the Daily Gazerre will be sent one year, and also a copy of the original Webster's unabridged dictionary, 1281 pages, express charges prepaid to express office nearest the anbscriber.
